<b>Meter Tampering Fees</b>	<b>\$800.00 paid within 10 days or loss of CWS membership</b>

**WATER RATES:** If the City of Corsicana increases its water rates to CWS, CWS will pass these charges to its members, as implemented by the COC.

**DROUGHT FEES:** During moderate drought situations, the COC has calculated an average water usage for a household to be 7,000 gallons per month during this period. The COC will bill CWS a surcharge of \$2.00 per 1,000 gallons for water used in excess of 7,000 per household. Households in excess of 10,000 gallons will pay \$5.00 per 1,000 gallons above that amount. During severe drought conditions, the COC has calculated an average water usage for a household to be 5,000 gallons per month during this period. The COC will bill CWS a surcharge of \$2.00 per 1,000 gallons for water used in excess of 5,000 gallons per household. Households in excess of 7,000 gallons will pay \$5.00 per 1,000 gallons above that amount. Households in excess of 10,000 gallons will pay \$10.00 per 1,000 gallons above that amount. Therefore, CWS, when necessary, will pass this surcharge on to CWS customers whose usage exceeds these amounts. In addition to these changes, if the COC further increases the surcharges to CWS, CWS will pass these surcharges to its members as implemented by the COC.
